

Oral Session: Papers to9 – to11

(Chairperson: Oleg Sushkov,
UNSW Kensington)

*Nigel Marks, Curtin
University*

Transforming carbon
onions into
nanodiamond: a new
pathway to sp^3 carbon
with astrophysical
implications (INVITED)

Andreas Michel, University of Luxembourg
Magnetic neutron scattering on nanomagnets:
decrypting cross-section images using
micromagnetic simulations

Jiabao Yi, UNSW Kensington
Ferromagnetism in Teflon
